EXPERIENCE

RAISE Financial Services, Mumbai **April 2021 – April 2026**

Raise Financial Services is India's leading fintech platform that provides a variety of investment solutions through its products Dhan and Upsurge. Raise is backed by marquee investors BEENEXT, Mirae Asset, 3one4 Capital, and Rocketship.vc

Product Manager – Dhan (One of India's top 10 stock broking platforms) **April 2025 – April 2026**

- Worked under the CEO's supervision to conceptualize and roll out the auto fund transfer feature within Dhan. This feature reduced trade failures by 12%, ensuring seamless customer transactions and enhancing trade volumes by 5%
- Built an AI powered News Feature that boosted user engagement by 20% and improved customer retention by 6%. This feature significantly improved investor awareness, enabling them to make informed investment decisions.
- Collaborated with designers, customer services associates, and engineers to improve our User Interface and User Experience. These changes reduced customer queries by 40% and improved our customer retention rate by 8%.
- Nominated by the leadership team to represent the company in various Fintech events such as Global Fintech Fest. Through these events, we fostered strategic partnerships and expanded our network within the Fintech community.

Associate Product Manager – Dhan **April 2024 – April 2025**

- Responsible for enhancing investor awareness through a dedicated educational podcast. This podcast has been leveraged by 2K investors to enhance their portfolio returns and financial discipline ([Link](#)).
- Implemented a user-friendly Mutual Fund top-up feature that enabled users to invest in portfolio of stocks with a single click. This feature increased our AUM from \$1.5Mn to \$70Mn+ within a span of only 10 months.
- Optimized the investor journey from onboarding to mutual fund discovery to eventual purchase from 7 days to 1 day. This optimization helped expand our investor base and improve our transaction frequency.
- Partnered with the National Depositories to build a unified portfolio tracking feature that enabled customers to seamlessly migrate their portfolio from other platforms to Dhan. This feature helped us acquire 3K+ new customers.

Product Marketing – Upsurge (India's leading financial ed-tech company) **April 2022 – March 2024**

- Led marketing campaigns across Meta and Alphabet platforms. Our campaigns helped us double our Return on Ad Spend from 0.6x to 1.3x while improving our brand visibility across our target markets.
- Revamped the learning management system (LMS) to make it more user-friendly, improving completion rate by 10%

Content Creator & Growth Marketing – Upsurge **November 2021 – April 2022**
